SAVE TIME AND MONEY WITH OUR
SUPERIOR SAVINGS\$
Catalogue

Choose from set designs, that are priced up as described to save you time and money, in some cases you can save up to thousands of dollars off our retail pricing.

About Superior Sheds

Superior Sheds aim to give our clients a simple and cost effective experience when trying to find the right shed for their backyard, farm or even commercial property.

Sheds come in all sizes and styles to suit your needs, with all of our years of experience in the industry the team at Superior Sheds have taken the hard work out of finding your shed for you with our "Superior Savings Catalogue."

Superior Sheds have a huge range of sheds, garages, farm sheds, Aussie barns, American barns, commercial or industrial buildings that you can buy straight off the grid when you enquire online. We have compiled a list of our most popular buildings with one thing in mind and that is to save you money.

When you order from our "Superior Savings Catalogue" you can save up to 10% off our retail price. Our "Superior Savings Catalogue" is definitely worth a look.

Superior Sheds strive to stay competitive in the shed industry so if you are shopping around and happen to find a price that beats ours, we will do our very best to match or beat any genuine quote that comes across our table.

At Superior Sheds, we pass on our buying power to YOU on a wide range of sheds, including

- GARAGES
- WORKSHOPS
- BARNs
- INDUSTRIAL
- HORSE ARENAS
- FARM SOLUTIONS

We also provide a full design service for clients that want a custom design shed, we make the process of buying a shed as simple as possible saving you both time and money. Superior Sheds provide you with a full set of engineering plans and a reliable team that can get your new shed built as quick as possible.

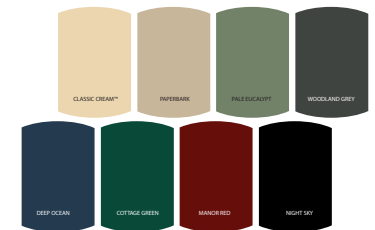

Superior Sheds have a 10 Year Structural Guarantee and a 15 Year Sheeting Guarantee with all of our sheds sold. So you can keep your mind at ease knowing that our quality lives up to our name.

New Colours

With the new COLOURBOND range of designer colours you can match your shed or kit home to the surroundings of your property. The new colour range has been inspired by the Australian landscape with modern earthy tones of browns and greens, along with the coastal influences of blue and sandy tones.

There are 22 colour choices to choose from between the classic range which can be used for all parts of your shed including garage doors, pa doors, facias and downpipes.

Backyard SERIES

FROM WORK SPACES TO MAN CAVES, SUPERIOR SHEDS HAVE GOT YOU COVERED!

Our backyard series gives you all sorts of set design and sizes from 6m to 7.5m wide and heights that range from 2.4m to 3.6m high.

Add a roller door a PA door, windows, or insulation to suit your needs, or contact one of our shed specialists if you need some advice.

Our backyard series is available in the full COLORBOND range and comes with a 15 year warranty so you have peace of mind when you make your purchase from Superior Sheds. Our simple design makes the construction of our kits a simple task for the home handy man or a group of mates that owe you a favour. If you don't have time to build then we can supply you with a team to build it for you.

All our sheds come with a full set of engineering plans that are ready to take to council for the approval process. We also offer a full shire approval service for a very low fee to help get your next building approved fast and efficiently. We all know that getting shire approvals can take up time and be a nightmare if you don't know what you are doing, so we are here to help you every step of the way.

SUPERIOR \$SAVINGS\$ Catalogue

Customised TO SUIT YOU!

All standard Superior Savings sheds can be customised to suit your needs with ease, by adding, removing or altering various options

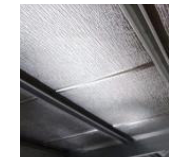

DIVIDING WALLS

This option can be used to separate vehicles from the workshop or hay bales from machinery. Ask one of our sales staff about our dividing walls options.

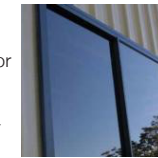

ROLLER DOORS

Roller doors are used in just about every shed, they are used for gaining access with or without a remote control motor for ease and convenience of access. Ask one of our sales staff about our roller door options.

INSULATION

There are different types of insulation for different jobs, make sure to keep your shed cool in summer and warm in the winter. Ask one of our sales staff about our insulation options.

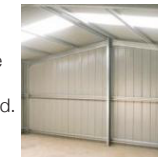

WINDOWS

Our windows come in a few shapes and sizes and also have the option of fly screens and security grills, we can help you find the best options for your next shed. Ask one of our sales staff about our window options.

MEZZANINE FLOOR

Our mezz floor option is another space saver to help you with extra storage to keep things up off the floor of your shed. Ask one of our sales staff about our mezzanine floor options.

SKYLIGHTS

Skylights are a good option to help let in some natural light for those who will be spending a lot of day time in their shed. Ask one of our sales staff about our skylight options.

PA DOORS

A PA door (Personal Access Door) is a very common option that gets used in a lot of sheds. Ask one of our sales staff about our PA Doors options.

ROOF VENTS

A roof vent or more commonly know as a whirly bird is designed to rotate and extract the warm air from your shed. Ask one of our sales staff about our roof vent options.

With the new COLOURBOND range of designer colours you can match your shed or kit home to the surroundings of your property.

RAISING THE BAR WITH OUR ALL IN ONE COLLATION AND DELIVERY SERVICE

UNLIKE SOME OF OUR COMPETITION IN THE SHED INDUSTRY, WE DELIVER ALL THE PARTS REQUIRED TO YOUR DOOR STEP IN ONE HIT.

We have carefully thought the entire process through, making purchasing a Superior Shed easy and hassle free. From enquiry, to shed approvals, purchase to manufacture, and finally delivery to site. We also provide you list of our most reputable contractors to complete the final stage of the process.

Our manufacturer has a full time team dedicated to logistics, ensuring that your order is carefully collated, and checked part for part prior to delivery to ensure all required parts are supplied for a quick and hassle free build time.

Every client is important to us, so we have taken every measure to stream line build time and efficiency.

Superior Service. Superior Quality.

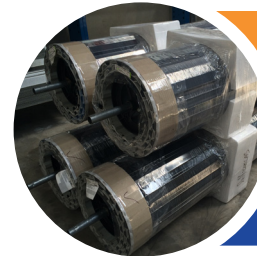

Superior Logistics

With a trucking fleet that can service just about anywhere in the state you can be sure that we will get your Superior Shed to your site in one delivery.

Order Consolidation

All of the steel components are strapped together in bundles that are easy to offload at the final destination making it easier to move into position on site.

Superior Quality Control

Our roller doors are delivered to you with a protective padding to protect them during the transportation process. Ensuring that we keep all of your gear in one and no damage when it arrives to site.

Client Assurance

We can provide our clients with photos of all goods that will be delivered to site so all our clients can have peace of mind that their new shed is ready and waiting to be delivered.

superiorsheds.com.au

Farmers SERIES

Our farmer series products are made from solid Rectangular Hollow Section (RHS) and Universal Beam (UB) material that has been treated and hot dip galvanised for a long lasting and clean looking shed. We didn't call our sheds SUPERIOR for nothing, we have by far one of Australis's toughest designs on the market to date.

We can accommodate large machinery with clear span bays up to 12m in width and heights that can exceed 8m our sheds are built to last.

Superior Sheds farm series cover a large range of styles including hay sheds, open bay sheds with lockable bays for storage, and machinery.

ALL OUR SHEDS COME WITH A FULL SET OF ENGINEERING PLANS THAT ARE READY TO TAKE TO COUNCIL FOR THE APPROVAL PROCESS.

INSULATE

The open front farm shed is by far the most popular with variable bay sizes to fit machinery and stock, we can customise your shed to suit your needs.

Mix and match open bays as well as enclosed bays with dividing walls for keeping chemicals and feed separated. With eave heights that can exceed 8m we can make sure that our hay shed gives you plenty of storage for whatever you may need. Our Rectangular Hollow Section (RHS) frames are made from steel up to a 5mm thickness and are all hot dip galvanised for that extra protection and look that simply doesn't compare to any of our competitors.

Colorbond®

Mini Industrial

Superior Sheds Mini Industrial series range includes both 9m and 10m wide spans with a 4m and 4.5m height option. Our solid Rectangular Hollow Section (RHS) design is heavier and tougher than any C section shed on today's market, and with little to no competition it remains clear why we are one of Western Australia's most popular shed companies when it comes to industrial sheds.

All sheds come with a full set of engineering plans that are ready to take to the council for the approval process or we can get our registered builder to handle the project from start to finish.

9M SPAN

Commercial Series

Our Superior Commercial series is for customers with a seriously big purpose built project or warehousing of industrial/mining equipment.

With the use of heavy duty Universal Beams along with Superior engineering techniques we can deliver huge steel buildings with huge cost savings when compared to other conventional steel buildings.

These buildings have the capabilities to support cranes and other loadings for industrial uses, with turnaround times of approx. 2-3 months this process is designed to keep your project on time every time. Our manufacturing plants are able to produce high volume, and second to none workmanship with a series of QA checks throughout the entire manufacturing process. We stand behind our name and make it our mission to deliver the Superior Quality and Superior Service that you deserve.

superiorsheds.com.au

Superior Sheds strives to stay competitive in the shed industry, so if you are shopping around and happen to find a price that beats ours, we will do our best to match or beat any genuine quote that comes across our table.

- ✔ Design in accordance with the Standards Association of Australia building codes
- ✔ Up to 15 years BlueScope Steel warranty on cladding materials (conditions apply)
- ✔ Connection components rigorously tested for strength and quality
- ✔ All steel construction to resist termite and fire damage
- ✔ Framing components galvanised for long life and low maintenance
- ✔ Modular system allows scope and flexibility in design and application
- ✔ Engineering documentation provided for building approval application
- ✔ Factory packed kits shipped complete
- ✔ We offer you our hand-picked erectors to get the final stage completed
- ✔ Free quotations and building approval assistance
